

MYSTERIOUS GARDENS

FABRICS AND MORE BY CARLUCCI

FABRICS AND MORE BY CARLUCCI

HIDDEN PARADISE CA1665 · PASSION CA1686 · PRELUDE CA1703 · PURE LOVE CA1689

MYSTERIOUS GARDENS is a homage to the inspiring diversity of nature. Explore mysterious gardens and parks with us, linger under a lushly flowering magnolia or peer into the fresh green undergrowth of the forest. Perhaps you will discover fantastical birds with magnificent plumage or catch the outline of a leopard peeking out through dense foliage. Experience how a delicate rosé spreads across the evening sky before the night bathes everything in a mystical, deep blue.

Gardens are a source of relaxation. They give us energy and delight us with their diversity and life. MYSTERIOUS GARDENS transforms rooms into gardens. Eye-catchers inspired by the beauty of nature are accompanied by exclusive plains with colour palettes that create optimistic esprit. The focus is on soft surfaces and precious materials. Innovative and sustainably produced textiles of organic origin and recycled yarns are increasingly in use and help us treat nature with respect. As the boundaries between indoors and outdoors are ever more blurred, CARLUCCI is offering a line of high-quality indoor and outdoor textiles under the ColorProtect by CARLUCCI label. Let yourself be enchanted by the richness of nature and lend your private retreat the poetry of enchanted gardens.

Turn your home into a mysterious garden!

ORGANIC LOVE

PURE LOVE CA1689

LOVESTORY CA1670 · LOVE ME CA1671 · PURE LOVE CA1689

A love declaration to nature: with the new EcoProtect by CARLUCCI PURE LOVE, LOVESTORY and LOVE ME series, we offer controlled natural yarns from organic cultivation, which do not contain any hazardous additives, such as synthetic fertilisers, pesticides or genetic engineering. What's more, greenhouse gas emissions are reduced and

water consumption is substantially lower. Traditional seeds are used to enhance working conditions and protect biodiversity. The products are naturally biodegradable thanks to their natural origin. This protects both people's health and the environment at the same time.

In the EcoProtect by CARLUCCI series SOFT FOCUS, COSY FRIEND, SHINE ON and LATE NIGHT, we place our focus on recycling valuable raw materials to protect the environment and save resources, such as water and energy. This is how we can give high-quality cotton fibres and low-maintenance polyester a new life.

OUT AND ABOUT CA1713

OUT THERE CA1712 · OUTSTANDING CA1711 · OUT AND ABOUT CA1713 · OURIDER CA1714

Our creative products from the ColorProtect by CARLUCCI line are casual all-rounders and offer a smooth transition from indoor to outdoor. OUT AND ABOUT, FAR OUT and OURIDER lend a cosy atmosphere for an exclusive lifestyle on comfortable lounge furniture, stylish terraces, loggias, elegant rooftops and at the pool.

ColorProtect by CARLUCCI offers high light fastness, is resistant to sunlight and UV rays, resistant to chlorine and sea water, mould-resistant and in addition, the upholstery fabrics are very resistant to wear and tear. In particular, we focus on "solution dyed" developments made from polyacrylic.
