

We all want to feel safe and cared for – in hotels and serviced flats, in offices and concept stores – and, of course, at home. With **TIMELESS INTERIORS**, JAB ANSTOETZ Fabrics presents a versatile collection of flame-retardant textiles that is ideal for commercial use, but also adds value to urban living concepts or private homes. Functional excellence, high-quality materials and aesthetics go hand in hand here.

The double-width decoration and transparent fabrics offer generous solutions for windows and room partitions, while the upholstery fabrics impress with their high durability and surprisingly soft feel. Very practical: all the qualities are flame-retardant and washable at 30°C. The selected designs and textures bring creative versatility and timelessness to the collection.

Graphic patterns, some with a subtle midcentury feel, characterise this collection. The linear design of **BROOKLYN** impresses with its three-dimensional structure and iridescent look. The upholstery fabrics **AUCKLAND**, **HAMILTON** and **WELLINGTON** set modern accents with patterns in braided and medallion structures.

CREPE FR is a real innovation in terms of fabrics for contract use. Here, a characteristic, grainy crepe has been produced from twisted yarns as a flame-retardant quality. The fabric, which is available in 44 colour nuances, also impresses with its extremely pleasant feel, washability and good acoustic values. A textile solution that sets standards as a decoration fabric and as an upholstery fabric.

The transparent fabrics of the collection lend a sense of lightness to any room. The **SOHO** leno weave, for example, impresses with subtle contrasts. **VERMONT** presents eye-catching effect threads and delicate sequins. The classic **JOANA** gets a colour update: 36 shades, including 13 new ones, and an embroidered version make this voile a versatile basic.

“Great functionality, a pleasant feel and an extensive colour palette – with the **TIMELESS INTERIORS** collection, we are expanding the design scope for sophisticated interiors.” *Pascal Walter, Head of Design at JAB ANSTOETZ Fabrics*
